

UPDATE DECEMBER FROM BRAZIL (ABMM Brazilian Association of Medical WOMAN)

We achieved all the scientific meetings that were programmed for the second semester with very good presentations and great interest of the participants.

We also had a monthly administrative meeting, where we discuss and plan all issues of the ABMM.

The last administrative meeting was in 27 of November together with the directors of the São Paulo branch of the ABMM.

There will be a Lunch for all members, for the end of the year on 8th of December 2012

There were activities, during the last 6 months, of great social importance, of the directors of the São Paulo branch of the ABMM

Dr Ivone Meinão, vice-president of the São Paulo Branch of ABMM is presiding a campaign against the excess ingestion of sodium chloride (salt) and Dr Margarido also director of São Paulo branch, is leading a campaign for prevention, diagnosis and treatment of Hansen's Disease.

The directory of the São Paulo Branch of ABMM is organizing a meeting directed by Dr Maite:

The São Paulo MEDICAL WOMAN Congress

Subject: "Quality of Life of the Woman Doctor"

Date: 25 and 26 of October 2013

Venue: Uninove University

Dr Marilene Melo and myself are planning for the next year with other colleagues, to organize the first guideline about Gender Medicine in Brazil for the Guideline Project of the Brazilian Medical Association.

This Project is based on Evidence Based Medicine. The direction of the Project considered the subject a very good idea.

In the name of the ABMM we wish : Joyful Christmas and warmest wishes for the New Year. Hoping to meet in Seoul

Anna Maria Martits

ABMM
